## **DETAILED ACTION**

### ***Claim Objections***

1. **Claim 2** is objected to because of the following informalities: line 1 "as claimed in claim 2" should be "as claimed in claim 1". Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. **Claims 1 and 3-11** are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

Claim 1, line 16 "a dialing apparatus". In claim 1 a dialing device comprising a dialing apparatus is confusing that a device contains an apparatus.

### ***Response to Arguments***

4. Applicant's arguments with respect to **claims 1 and 3-11** have been considered but are moot in view of the new ground(s) of rejection.
